

## Find It Here - Discovery Sunday

HOPE  
 Life  
 Purpose  
 Peace

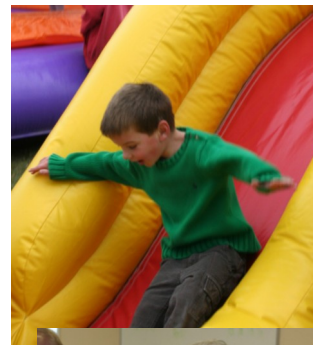

### Find it here!

### Discover the answers to life's most important questions.

"Find It Here - Discovery Sunday" was held on September 19th with an attendance of 100, double what the attendance been in recent months. As a result of that service there was one profession of faith. What was really amazing was the response of our people to the literature distribution in the weeks before the service. The children's department, led by Cyndi Brown, and the youth group hit the road to get the information packets distributed all over town.

The Block Party trailer was brought in and a lot of folks stayed around after the service for the fun and the hot dogs.

## From the Pastor

---

We live in a day when things are constantly changing. Technology is turning over every two years or less. By the time I get a new gadget or gizmo and learn how it is used, it has become out dated. Like it or not it is the culture we live in today.

The constant change in technology has affected the way we do church. We now have sound and media committees or teams that run all the equipment that is required for worship these days. We have computers that run overhead graphics and digital sound systems. Who would have thought it would take all this technology to have a worship service on Sunday morning!

Perhaps you are thinking you really don't need all this to worship on Sunday morning. The truth is you really shouldn't but watch what happens to the attendance if you were to do away with it! The thing we have come to realize is the church must appeal to the culture in which it is ministering. That means if the culture is accustomed to technology you will most likely need it in your services. The thing that should never change is the church's commitment

to teach and preach Biblical truth. The Bible is the Word of God and as such it is timeless truth that is relevant to every culture!

The last several weeks I have been working with Gerry Lord from our partnership church to help make sure North Valley Baptist is doing ministry in a way that appeals to this community. We have updated our church bulletins. They have a new look that is consistent with the graphic styles that are used today. We have also designed a brochure that is called "My Next Big Step." This brochure tells people how they can receive Christ and become a Christian. Then it explains to them each step they must take in order to grow in their faith. "My Next Big Step" fits the vision statement of our church – to connect people to with Jesus, grow them in faith and equip them to serve. If someone were to ask you "what is NVBC's plan to carry out the Great Commission?" you could share with them "My Next Big Step" brochure.

What else is new at North Valley Baptist? Our web site at [www.northvalleybc.com](http://www.northvalleybc.com) has a new face. We have redesigned our church logo. It too is in keeping with the more contemporary look.

Check it out! You will be able to download sermons from the previous Sunday and you can keep up with church events. There is a church calendar and an information page for the various ministries of the church. We have also created a Facebook page to help you keep up with people and the ministries of the church.

What's new at NVBC? The methods we use to carryout the Great Commission. Two things must remain the same. We must go to a lost world and we must teach or preach the Gospel as truth. I trust you will find the changes to be a blessing.

Love,  
Rick

## Baptism

---

Laurie Morris

**North Valley Baptist Church  
baptized two people on  
October 17, 2010**

Andrew McMillian

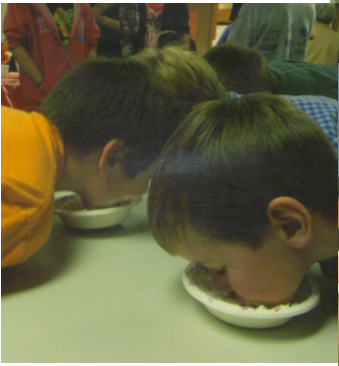

## Harvest Banquet - October 16, 2010

There was lots of good food, as always.

Pastor Rick brought a short Message.

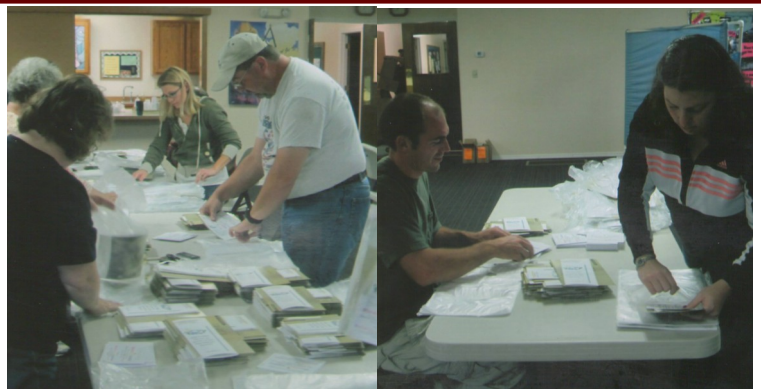

The kids had a mess of fun with the pie-eating contest.

The dessert auction brought in a chunk of change for the benevolence fund.

## Discovery Sunday Preparation

There was a lot of preparation that went on behind the scenes in order to have our special Sunday On September 19. A team of church members met weekly for several months planning this event. Others worked on designing a new church brochure and ordering materials.

Special thanks to all those who helped stuff the packets and distribute them, especially the youth group and Cyndi Arnold plus some of the children.

## New Members

NVBC received three new members in the past month: Laurie Morris,

Phil Jones, and Kathy Jones. We will feature them with a bit about

them and their photos in the next newsletter.
